Local Soldiery Interested to a Con-siderable Degree.

Another flag controversy, which threatens to be as important to persons interested in the District militia movement as the talked-of return of the Confederate standards was to the people of the United States, is now progressing between the National Billes and the recently-organized

National Fencibles.

The National Rifles' Cadets and the Union Veteran Corps' Cadets participated in a competitive drill at the entertalnment in a competitive drill at the entertainment given by the letter-carriers of the city at Athletle Fark in August, 1884, and the former were declared the winners and awarded the prize—a beautiful stand of the National colors. In the latter part of 1885 the Rifese Cadets disbanded. Before doing so, however, they appointed a committee with authority to dispose of the commany preperty, but, for some reason, the disbandment, has remained at the armory of the National Rifles. Licentenatt T. A. Toudinson of the Fenchles, who was captain of the Cadets when they dissolved, by virtue of the authority vested in him as closimous of the committee appointed by the Cadets before disbanding, applied to Licentenat Manson of the Billes a few days ago for the flag, giving as his reason for so foine that he was about to dispose of it to
